

The New Nation, 1783-1816 American Popular Culture Through History

By Anita Vickers

Greenwood. No binding. Book Condition: New. Textbook Binding. 264 pages. Dimensions: 9.6in. x 6.5in. x 1.1in. Most historical studies bury us in wars and politics, paying scant attention to the everyday effects of pop culture. Welcome to Americas other history: the arts, activities, common items, and popular opinions that profoundly impacted our national way of life. At the birth of the nation, when Americas statesmen were laying the foundations of a new government, citizens were forging a popular culture to call their own. Patriotic symbols like the eagle and the profile of George Washington symbolized the virtues of the young nation. People from all classesfarmers, merchants, and the educated wealthyturned away from European culture and began to recognize Americas own prodigies. Homes, furnitures, fashions, and pastimes sprang from the new climate and topography. The styles, hobbies, and entertainments would evolve into the uniquely American popular culture we recognize today. Early American artists such as Benjamin West, John Singleton Copley, and Charles Wilson Peale emerged along with original contributions to culture, including: The first novels for women The first American music, a unprecedented blend of religious hymns, African tribal music, and folk songs from the Middle Ages Ninepins and skittles, the forerunners...
